Genuine reduction sale of the 'Abbey Chase' herd

FOLLOWING CATTLE WILL BE SOLD IN GUINEAS (£1.05)

PJ & SJ GREGORY

ENNISWORGEY FARM, ST COLUMB MAJOR, CORNWALL, TR9 6HZ

The Abbey Chase herd was started in 1987 following the purchase of a Pedigree Simmental bull. Around 10 females were bought around this time forming the base for the herd. Following a move to Cornwall in 1988 the herd grew as a closed herd with only Stock bull's bought in.

The cattle are run on a commercial system, and cows outwintered, with around 3 to 4 calves kept as breeding bulls and some pedigree heifers sold to farmers and breeders throughout the South West and further afield. In recent years Polled genetics have been added by Ai with the added focus on calving ease. With our homebred polled bull Lewis PP running with the lots offered at Exeter.

They are also accredited for Johnes level 1, BVD, Lepto and IBR with the Hi Health scheme, we are also accredited tb free within the Hi Health scheme (over 12yrs). This sale is brought about following a change in farm policy and the cattle should go on and do well for their new owners.
