**Cleansing** The **vendor** warrants that all newly calved **cows** and **heifers** have cleansed satisfactorily before the sale. The **vendor** is obliged to pay for the cost of one wash out.

**Cows or heifers sold as served or guaranteed in calf:** When an animal stated to have been served less than **10 weeks** prior to the sale and is **pregnancy diagnosed positive**, this is given as **guidance only** and carries **no warranty**. If a cow or heifer has been positively diagnosed as **10 weeks or more in calf** at the time of sale and thereafter is proved to be not in-calf, and a **Veterinary Surgeon's certificate** to that effect is produced there is a **38 + 5 day warranty**. Where a cow or heifer is sold as 'having run with a bull' no warranty as to the animal being **in calf** at the time of sale is given.

**Breeding Stock bulls** The **vendor** warrants that any bull 10 months or over sold as a stock bull is capable of and effective at natural service. This warranty is a **16 week warranty**.

The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

**Payment** – All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

**Conditions of Sale** – It is strongly recommended that Bidders and Buyers visit [Kivells.com](http://Kivells.com) and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

**Risk** – All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

**Removal of Lots** – Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

**Descriptions of Lots** – Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

**Statements of Fact** – Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

**Liability of The Auctioneer** – The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

**Bidding Form** – The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form, and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Kivells are delighted to have received instructions from Andrew Stevens to sell the entire in-calf heifer portion of the herd. The sale arises following the sale of the estate and the termination of the farm tenancy, presenting purchasers with a genuine opportunity to acquire a well-bred group of productive young dairy cattle from a long-established and carefully managed herd.

The cows are medium-sized Holstein Friesians with excellent mobility, strong legs and feet, and good overall functionality. The herd has been managed with longevity, fertility, and ease of management firmly in mind, resulting in cattle well suited to modern grass-based milk production systems. The herd operates a simple and efficient management system based around self-fed silage and cubicle housing.

The herd operates under a strict autumn-calving pattern, designed to maximise milk production from grazed grass and maintain a compact, efficient calving block. Great emphasis has been placed on fertility and functionality within the herd, with replacements bred only from the most fertile and trouble-free cows. As a result, these heifers represent an outstanding opportunity for both expanding and established dairy enterprises seeking productive, low-maintenance cattle capable of performing within grass-based systems.

The in-calf heifers are completely unselected and are offered straight from the heart of the herd. They are well grown, evenly matched, and have been managed to a high standard throughout. The heifers are cubicle-trained, accustomed to electric fencing, and are BVD tag tested. They have been reared in a commercial environment with no special treatment, producing hardy, genuine cattle ready to integrate easily into a wide range of dairy systems.

This is a dispersal born purely from circumstance rather than performance, and the sale offers purchasers a rare chance to secure quality in-calf replacements from a fertile, well-managed autumn-calving herd with a strong emphasis on grazing performance, functionality, and longevity.
