MARKET REPORT

JUNE 2026

Friday 5th June – Store Stock Market

Your **Development Land and Planning Team** here at Kivells have housebuilders and developers who are interested in the right sites – from small family run builders who are looking for just 10 plots to large national housebuilders who want sites for 100 plus houses.

If you own land on the edge of a large village or town with good access and road frontage, we would be delighted to chat with you about your land and if there is a chance of planning for housing development in the future. With the recent reforms to the planning system, this could be an opportunity to add value to your land that could work harder for you.

Contact your Development Land & Planning Team today to discuss your options.

Store heifers peaked at £1950 given for a pair of well-kept South Devons (24m) from Steven Slade and Family of Aylesbeare closely followed by John and Helen Keep of Moretonhampstead who parted with their better pair of Limousin heifers (24m) for £1940 apiece whilst two more with similar comments from the same sellers made £1900 each. British Blues all the way after that when we saw a solid looking one (28m) from David Withers and Family rise to £1810 followed by others of that age making £1760 and £1740 for Robert Moore whilst neat, younger Blue females (20m) from Micheal Kelland of Chevithorne also came back at £1740. TB Champions CIC

We understand that bTB doesn't just affect cattle – it impacts the wellbeing of farming families, and threatens the future of farm businesses.

TB Champions has been established to stand alongside farmers throughout their bTB breakdowns and provide on-going support.

Our Objectives

- **Mental Health and Wellbeing**
 - Provide emotional support for farming families and, if required, signpost to specialist wellbeing professionals who are familiar with the impacts of bovine TB on farmers and their families.
- **Education - Raise Awareness and Promote Best Practice**
 - Ensure that farmers have the knowledge and understanding to manage their breakdown as effectively as possible.
 - Clarify information around testing protocols, interpreting results, biosecurity, and policy, and what options are available to them when it comes to movements, testing, trading etc. Assist with government paperwork and licensing if required.
 - Strengthen farmer engagement with bTB control strategies in order to strive for eradication on-farm.
- **Collaborative Approach - Bridge Communication Gaps**
 - Strengthen dialogue and facilitate a collaborative approach between farmers, private vets, APHA, and support services.
 - Liaise with APHA on the farmer's behalf where possible.
- **Business Resilience - Provide Business Support Signposting**
 - Guide farmers to specialist business advice and support services in the event of a TB breakdown that may significantly impact their operations.
- **Wildlife Monitoring**
