The Main Features of the EasyCare Breed:

- EasyCare are the ideal low cost meat sheep for the modern farmer.
- EasyCares have a high killing out %.
The meat is of the highest quality, light in texture, fine grained, lean and tasty.
- No shearing or crutching and low propensity for disease minimise veterinary and shepherding costs. They are hornless, extremely hardy and require little maintenance and seasonally shed their short kempy fleece.
- Ease of lambing is a major feature of the breed. Lambing % will vary depending on the farm system and management. 140% on the hard hill and 200% plus on strong lowland farms is not unknown.
- EasyCare ewes milk well and are excellent mothers. Lambs are active and alert at birth and grow quickly in most conditions.
- EasyCare rams are virile, hardy with a long active lifespan and can cover a large number of ewes.
- Average adult weight will vary across the breed with regional differences. Smaller hill types 75kg for Rams, 50kg for Ewes. Strong lowland types 85kg+ for Rams, 65kg+ for Ewes.
- They are an incredibly flexible breed and will adapt to a huge range of conditions and farming systems. There WILL BE an EasyCare sheep to suit you.
