MARKET REPORT JUNE 2026

Monday 15th June – Prime Stock Market

Your **Development Land and Planning Team** here at Kivells have housebuilders and developers who are interested in the right sites – from small family run builders who are looking for just 10 plots to large national housebuilders who want sites for 100 plus houses.

If you own land on the edge of a large village or town with good access and road frontage, we would be delighted to chat with you about your land and if there is a chance of planning for housing development in the future. With the recent reforms to the planning system, this could be an opportunity to add value to your land that could work harder for you.

Contact your Development Land & Planning Team today to discuss your options.

 - Clarify information around testing protocols, interpreting results, biosecurity, and policy, and what options are available to them when it comes to movements, testing, trading etc. Assist with government paperwork and licensing if required.
 - Strengthen farmer engagement with bTB control strategies in order to strive for eradication on-farm.
- **Collaborative Approach - Bridge Communication Gaps**
 - Strengthen dialogue and facilitate a collaborative approach between farmers, private vets, APHA, and support services.
