ADVANCED BREEDING SERVICES

LEADERS IN BOTH SHEEP & CATTLE

From our complete **Advanced Breeding Services** including **Artificial Insemination**, **Semen Collection**, **Embryo Transfer** and **IVF** through to veterinary surgery, routine health checks, nutritional advice and highly responsive care. Castle Farm Vets are there to ensure you **maximise your herds potential**.

ARTIFICIAL INSEMINATION

AI in sheep is usually performed laparoscopically and can be done on farm or in practice. Semen can be provided fresh and diluted to **inseminate 50+ ewes**. Conception rates for **frozen AI** are usually **70%** and for **fresh AI** greater than **80%**.

SEMEN COLLECTION & STORAGE

Semen can be collected and analysed to assess the Tups fertility. From there semen can be used fresh for **Artificial Insemination** or frozen for use at a later date. We are also able to harvest semen from Tups up to 24hrs after death.

EMBRYO TRANSFER

Embryo transfer allows the production of **multiple lambs** from **elite females** within your flock. Embryo transfer is the process by which fertilised embryos are flushed from a super ovulated donor ewe and then transplanted into suitably **synchronised recipient ewes** or frozen for future use or sale.

IN VITRO FERTILISATION

This is a procedure where the oocytes are aspirated laparoscopically directly from the ovary of a **stimulated donor female**. The oocytes are then fertilized in a petri dish with frozen/thawed semen and incubated for 6 days to produce embryos. IVF is a valuable tool for sires with a **limited quantity** of semen remaining and in donors where conventional flushing could be difficult, such as young females.

The Farming Community Network (FCN) is a voluntary organisation and charity that supports farmers and families within the farming community through difficult times.

FCN has over 400 volunteers, located throughout the UK, many of whom are involved in farming, or have close links with agriculture and therefore have a great understanding of the issues farm workers and farming families regularly face. Our volunteers provide free and confidential support to anyone who seeks help, regardless of whether the issue is personal or business-related.

In addition to local groups of volunteers, FCN runs a confidential national helpline (**03000 111 999**, open 7am-11pm every day of the year) and e-helpline (help@fcn.org.uk).

Our volunteers will "walk with" anyone who seeks support and help them find a positive way through their problems. Each year we help approximately 6,000 people deal with a variety of issues, including financial difficulties, animal disease, mental health and family disputes.

FCN relies solely on donations and grants in order to continue supporting the farming community. With UK farming currently facing deep uncertainty, the workload of FCN volunteers is expected to increase significantly.

Auctioneer's Comment

Who'd have thought that ten years ago when Rob & Richard Hole had this vision of an on farm production sale it would have grown into the noted, prestigious, bi-annual event it is today. With the addition of both Deben and Hydes flocks to the sale two years ago, its also exciting to welcome Dynamite along this year to add to the catalogue.

As always at this fixture all stock comes highly recommended with the depth of breeding in all four flocks speaking for itself, as well as many show ring superstars dotted within this catalogue. These sheep will add quality to any existing pedigree flocks or provide a rare opportunity to establish a high health pedigree flock of Dorset's.

Once again the sale will be streamed on Marteye, offering on line bidding to potential purchasers who are unable to attend in person.

We hope to see you there, or hear from you in anticipation of bidding online.

Russell Steer

Vendors Forewords

This year's Sale will represent 10 years of holding our on farm event. During that time we have been joined by Blackhill and recently Hydes and Deben. This year we are delighted to welcome Rich Fitton and Joe Redford from Dynamite Dorsets. (Even if I am still coming to terms from having a City fan on the farm!) We hope this gives even more quality bloodlines for customers to choose from.

This year also see the new members initiative, an idea we hope will bring new members into the breed showing what Dorsets have to offer. Please ask one of us for details.

I would like to take this opportunity to say a few thank yours. Firstly to my incredible family who have all helped with the Sale, to Russell, Sally Anne, Mark and the team from Kivells for putting together the catalogue and all their hard work on the day.

Our chosen charity this year is FCN (Farming Community Network), a voluntary organisation which supports farmers and their families through difficult times.

We look forward to seeing you all on the 26th.

Rob

Dynamite Vendors Foreword

In 2017, the Dynamite flock was established with the purchase of two pens of hoggets from the renowned Poorton flock at the Mayfair Sale. Quickly realising the suitability of the Dorset breed to our farm and system, the flock has since grown steadily and now stands at around 140 breeding ewes.

Over our relatively short time within the breed, we have placed a strong focus on introducing both high-quality females and influential rams that we believe will enable us to produce stock that are not only true to type but also functional and commercially relevant. Our breeding decisions are guided by a balance of structural correctness, fleshing ability, and maternal strength, with the ultimate goal of offering sheep that can thrive in both pedigree and commercial environments.

This sale marks a milestone for us, giving us the opportunity to present a small selection of sheep that reflect the direction and progress of the flock. We are very excited by the potential in these sheep, and we hope you find something that will make a great addition to your flock.

We'd like to thank Rob and family for the opportunity to join this sale and we look forward to seeing as many of you on the sale day.

|---------------------------------|---|
| Ballymaconnelly Game Boy | Overall champion 2024 Diamond Sale purchased for 4800 gns. |
| Ballytaggart Fritz | Purchased Mayfair 2024 for 4000gns and went on to be Overall Champion at 2024 Royal Welsh Show. |
| Galgorm Galileo | A full brother to Fergus – Champion at 2023 Diamond Sale. |
| Dynamite Extra Special | A Kilvaddy Diplomat son out of the Balmoral Show Champion 2019 |
| Sherborne Direct | Our pick of the 2021 Mayfair Sale purchased for 3800gns. Sire of some of the flocks best ewes. |
| Dynamite First Edition | A retained son of the breed record price Burhos Drambuie who was purchased at 2022 Mayfair 6800gns. |
| Richhill Geronimo (Horn) | Purchased at the 2024 Diamond Sale for 1200gns, his first crop of lambs are extremely promising. |

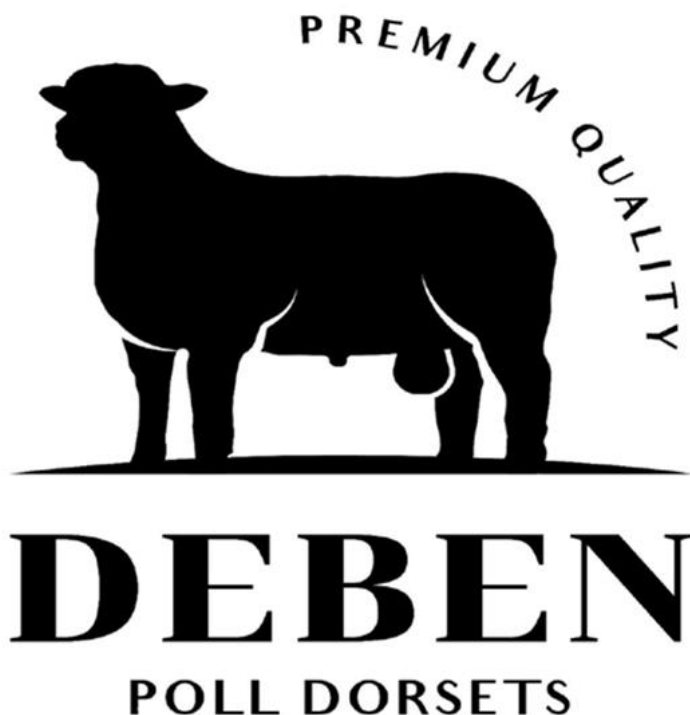

Deben Poll Dorsets was established in 2011, with the purchase of ewes from Sherborne, Wilsey and Poorton flocks. Since then, a handful of other ewes have been purchased from many of the top flocks and carefully selected to bring the flock up to around 250 breeding ewes.

Our aim for the flock, has been to produce a strong, fit, commercial ewe, capable of fending for herself in dry years but able to rear a pair of lambs in the autumn off cover crops alone.

The flock has been signet recorded for the last 10 years and this has been used as part of the selection process for breeding stock.

The females on offer have some great breeding behind them. Notably Sherborne, Byeways, and Hydes. All of these rams have produced some quality animals and remain key rams within the flock today.

We wish our buyers every success with the stock and undoubtedly, they will do well wherever they end up.

Deben Health Status

All Ewes from the Deben flock have been Blue Tongue vaccinated with Bultavo 3

HYDES DORSETS

Although growing up with Poll Dorsets on the family farm just a few miles away in Gillingham, the first Dorset sheep came to the Hydes in Essex in 2014. Run commercially for the first few years, in 2019 the Hydes pedigree flock was formed with sheep purchased from the Sherborne and Blackhill flocks. Since then we have been running approximately 500 pedigree ewes.

Our aim is to produce fast growing fat lambs and top quality breeding stock. Using some of the top genetics in the breed we have bred sheep that have performed well in the show ring, as well as selling breeding stock to a lot of the top flocks in all four nations.

We would like to thank Rob and Ali and everyone at Sherborne for inviting us back for a second year to take part in their sale. We have tried to select sheep that will add quality to any flock and we hope that they go on and perform in their new homes.

Services Sires for Hydes Ewes

Lisnafillan Gotham - Purchased privately this spring. Gotham is a real meat machine, well fleshed through the loin and plenty of depth. We are really excited to see how he breeds in his first year with us.

Hydes Hurricane - A Richhill Extrovert son that we have retained. Hurricane has the style and carriage that Extrovert has bred through all of his progeny.

Huish Fury - Fury was Male champion at the Suffolk show this year and part of the best group of stock rams in last years flock competition. Fury is a big ram with plenty of power and that comes through in his lambs.
