Foreword

Kivells are delighted to have received instructions from J S Rodda & Son to disperse their homebred and CIS-recorded herd of Holstein Friesian dairy cattle, as they restructure their farming business. The herd will be removed to Exeter Livestock Centre for convenience of sale on Tuesday 10th November 2026.

The herd was established at Rosemorran in 1968 when Gavin's father Barrie and his grandfather John expanded from their neighbouring farm of Resoon which their family have farmed since 1837. With a clear vision of breeding functional, long-lasting dairy cows capable of producing high-quality milk from a straightforward grazing-based system which has been tight Autumn block calving for several years. Through years of careful breeding, sound management and attention to detail, they have developed a herd that combines production, longevity and excellent functional type. The very best Genus genetics have been used across the herd, producing medium-sized, well-balanced cows with exceptional udders, legs and feet, and the ability to produce excellent yields combined with high butterfat and protein percentages while maintaining longevity and fertility.

Herd average

9916Kgs 4.72%BF 3.69%PTN cc92
Calving interval just 364 days. The cows are currently averaging 38kg a day

The cows are milked twice daily through a rotary parlour and are cubicle housed during the winter months. From April through to October, they graze, receiving concentrates through the parlour according to yield as well as a TMR ration including maize and grass silage.

Replacement heifers are all homebred from the very best cows, ensuring the consistency and quality of the herd has been maintained from one generation to the next.

The herd is CIS milk recorded and has consistently produced milk with excellent constituents, the Bulk Sample on 08.10.26 was **4.65% BF and 3.60 Protein with a Cell Count of just 86.**

The sale comprises: 232 freshly calved cows and heifers who have calved from late August to 1st November 2026. 67 first calvers, 60 second calvers, 55 third calvers, 34 fourth calvers and 20 fifth calvers, 7 sixth calvers and 4 seventh calvers.

Calving Pattern:

August (38), September (118), October (70) & November (6)

Herd Health

The herd is vaccinated for BVD, IBR and Lepto and was vaccinated for Bluetongue in Spring 2026. Johne's disease is controlled through a robust management plan with all cows in the Sale negative. A routine vet visit has been carried out for over 25 years.

Auctioneer's Comments:

This dispersal presents an excellent opportunity to purchase genuine, well-bred Holstein Friesian cows and heifers from a well managed Autumn calving herd. The cattle are medium-sized, AI-bred with longevity and production. Their outstanding udders, strong locomotion coupled with high production are a testament to the Rodda's family's careful breeding and management over many years. Gavin and Elizabeth have managed this herd superbly and the cattle are a true credit to their dedication and stockmanship. Whilst their restructure marks the end of an era, it offers purchasers a rare opportunity to invest in quality autumn calving cows and heifers from a genuine herd dispersal that would suit any farming system. Kivells would like to thank Gavin and Elizabeth for their valued instructions and wish them all the best for the future.

Kivells

Vet Comments:

It has been a priveledge to be the vet to the Rodda family's herd at Rosemorran for the past 25 years. The whole farm team has always been fully engaged with the proactive herd health planning and has consistently maintained the highest standards of welfare.

The herd is vaccinated against BVD, IBR and Lepto, and was vaccinated against Bluetongue in spring 2026. Johnes disease is controlled through a robust management plan. Mastitis and lameness rates are both very low, which reflects the care and attention the cows receive every day. This is a healthy, well-managed herd that I believe will be a sound investment for any buyer.

Mathew Berryman BVetMed MRCVS

Senior Clinical Director (Farm SW) – Rosevean Veterinary Practice.

Genus Breeding Comment:

Genus ABS would like to wish the Rodda family of Rosemorran Farm every success with their herd sale. We are proud to have worked alongside the family for many years, providing genetics, reproductive services and breeding advice.

The herd has been bred with a clear vision: producing high-protein cattle to support their cheese production contract while driving continual genetic improvement. Through the use of leading genomic sires, which have gone on to achieve proven status, together with Sexcel® sexed genetics and Beef InFocus® beef genetics, the Rodda family have developed the successful, high performing herd seen today.

Excell Agri Nutrition comment:

This Sale marks the end of an era for Gavin, Elizabeth and the Rodda family.

Gavin presents the complete dispersal of 300 exceptional cows, a herd built with care, consistency, and an unwavering commitment to performance. These cows stand firmly in the top tier of commercial production which runs at 10,000kgs, 4.72 fat and 3.69 protein, cell count of 150 and a calving index of 369 days. Cows calve in an autumn block to maximise the milk buyer's requirements with a profile that speaks to both genetic strength and disciplined herd management.

This sale marks the conclusion of a long chapter of dedicated dairying and offers buyers a rare opportunity to secure cows that deliver reliability, longevity and high value milk. This is a herd with power, strong production, strong components and strong cows. Whether you're expanding, upgrading or targeting higher solids, these cows offer immediate impact and long-term value.

The herd is managed on a strictly commercial basis with the emphasis on cost-effective milk production. Cows are milked twice daily and cubicle housed during the winter months. The herd is grazed night and day when the seasons allow, whilst buffer fed a basic grass/maize TMR. The cows also receive top-up in parlour feeding to yield.

Excel Agri are proud to work with the Rodda family as independent experts in ruminant nutrition, supporting them at every stage with our friendly, local expertise and personal, tailored approach. Our team delivers sector-leading nutritional advice, products, in-depth analysis and high-quality fixed formulation compounds and bespoke blends, all delivered by our dedicated fleet of lorries

We wish the Rodda family every success and best wishes with their next chapter.

Auction Sale Rules

(All cattle sold by Kivells are sold under the Livestock Auctioneers Association Conditions of Sale)

In Milk / In Calf dairy cattle sold through the dairy ring at £1200 or less per head DO NOT carry the usual National Sales Conditions warranty

Maiden heifers stated to be sold for breeding purposes.
The **vendor** warrants a **maiden heifer** stated in the catalogue or at the time of sale to be sold for breeding purposes to be free from any malformation which would render the animal incapable of breeding. The warranty is a **5 day warranty** if the malformation is patent or **a 6 month + 5 day warranty** if the malformation is latent.
If the **purchaser** proves a breach of warranty the **purchaser** may return the animal to the **vendor**. Notice of claim must be supported by a **veterinary surgeon's certificate**.
Cows or heifers sold as being in milk and/or in calf.
The vendor warrants a dairy cow or heifer in calf and/or in milk: (a) To be correct in the udder and teats; (b) Not to be infected with **clinical mastitis**; (c) Not to suck any other animal or herself; and (d) To be **quiet to milk.**
The warranties in conditions (a) & (b) is an after sale warranty which shall run from the close of the day's sale or until the animal is removed from the sale premises, whichever is sooner. The warranty in conditions (c) & (d) is **a 5+5 day warranty**.
Cleansing The **vendor** warrants that all newly calved **cows** and **heifers** have cleansed satisfactorily before the sale. This warranty is a **3 day warranty** in which any claim made by the **purchaser** must be supported by a **veterinary surgeon's certificate.** The **vendor** is obliged to pay for the cost of one wash out.
Cows or heifers sold as served or guaranteed in calf: When an animal stated to have been served **less** than **10 weeks** prior to the sale and is **pregnancy diagnosed positive**, this is given as **guidance only** and carries **no warranty**. If a cow or heifer has been positively diagnosed as **10 weeks or more in calf** at the time of sale and thereafter is proved to be not in-calf, and **a Veterinary Surgeon's certificate** to that effect is produced there is a **38 + 5 day warranty.** Where a cow or heifer is sold as 'having run with a bull' no warranty as to the animal being **in calf** at the time of sale is given.
Breeding Stock bulls The **vendor** warrants that any bull 10 months or over sold as a stock bull is capable of and effective at natural service. This warranty is **a 16 week warranty**.
Please note Milk yields are given as a guide but carry no warranty. The descriptions are supplied by the vendor and whilst they are believed to be correct this catalogue in no way shall guarantee their accuracy. **Antibiotics –** Please would **all vendors** inform the Auctioneers if any animal has been treated with **any antibiotics.** There are serious penalties incurred to milk producers for **antibiotic contamination.**

Livestock Notice to Purchasers

Viewing – Tuesday 10th November – 8am onwards.

Health & Safety – Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, pennage or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.
