IMPORTANT INFORMATION: BIDDER REGISTRATION

Anti Money Laundering Requirements:

All bidders will be required to pre-register prior to the auction in order to be able to bid. Bidder registration will open 6 days prior to the auction. For more information, please visit: www.kivells.com/bidder-registration

As part of the bidder registration process you will be required to complete an anti-money laundering check. This is a step-by-step process and instruction are provided throughout the process.

You'll need a Government-issued ID, such as a passport or driving licence, and will be asked to take a photograph of yourself to verify your identity. You'll also need access to a smartphone, tablet or laptop with a camera.

If you have any issues completing the check, or are unable to do this online, please don't worry - contact Sam Turner on 01579 345543 or email sam.turner@kivells.com who will be happy to help.

Proof Of Funds Requirements

Before you can bid at any auction, you'll need to complete your Anti-Money Laundering (AML) registration. Should you be successful in the auction you will then have to undertake a source of funds check to prove the origin of your funds for the purchase.

As part of the bidder registration process, all bidders will be required to authorise a £3,000 retention payment by card. This payment will only be collected for winning bidders, but must be retained for all pre-registered bidders.

For any unsuccessful bidders, the retained funds will be released within 72 hours of the auction.
