FOREWORD

Kivells are delighted to have received instructions on behalf of David and Sally Martin of Forda Farm, Highampton, to disperse their pedigree 'Elmford' herd of Homebred, CIS Recorded and Classified Holstein Friesian Dairy Cattle.

The 'Elmford' herd is long-established and was graded up to pedigree status after David returned home to farm following his school years. David and Sally have always had a passion for breeding quality livestock and their pedigree, classified herd is operated on a very simple system of round bale silage and cake fed in the parlour, with a strong emphasis on maximising grazed grass.

The herd is CIS recorded and delivers impressive performance on this simple regime, with a herd average of:

8,949Kgs 4.28%BF 3.52%PTN cc83

Approximately 50% of the herd are Red and White Holstein Friesians, which are a real highlight of the sale. David has always selected for cows with strength, excellent chest width, body depth, and capacity. Due to the simple grazing system, the Elmford cows have always been bred with good legs and feet. These powerful cows have classified well and have produced excellent qualities and quantities of milk.

Health Status:

The herd is not vaccinated, but has no known cases. Cows are quarterly screened for BVD, IBR, Lepto and Johnes all of which constantly show negative results. All youngstock have been BVD tissue tested negative. No antibiotics are used at drying off. The herd was TB tested on 20th May 2025.

Special Charity Lot:

David and Sally have kindly donated Lot Number 168

'Elmford Welcome 48'

A Bulling Heifer born February 2024 to support the Cancer Fund for the Yarty Ward at Exeter Hospital. We encourage all purchasers to do their very best in supporting this worthy cause!

Vendor's Comments:

We warmly welcome you to the 'Elmford' Sale.

Fourteen years ago, we had just one red cow on the farm. Our grandson William, then five years old, asked if we could get more red cows. I said, 'If you pick the bulls, William, I'll use them!' And here we are today, with a homebred herd of half black and white and half red and white. I've lived at Forda Farm since I was two and have always had a passion for breeding cows. Many thanks must go to Sally, nothing would have happened without her and I owe her everything. Also thank you to Linda Knight and Ed Warrington for all their help over the years.

We wish all purchasers every success with their new animals.

David & Sally Martin

Auctioneer's Comments:

The 'Elmford' herd is a genuine, homebred herd that reflects years of careful breeding, sound management, and a deep-rooted passion for dairy farming. The cows are strong, correct, and productive and would suit a variety of systems. With an impressive percentage of Red and Whites, excellent milk quality, and a low cell count, this is a sale not to be missed. The cows are a credit to David and Sally and can we thank them for their kind instructions and we wish all the best for the future.

Kivells

Harpers Feeds Comments:

David and Sally Martin have been valued Harpers Feeds customers for over 20 years. Their enthusiasm for Genetics means that they have bred a fantastic herd of Holsteins, achieving both high yields and fantastic milk quality on a largely simple system. The cows are grazed during the summer months and buffered with round bale silage. The herd are fed a high starch 15% dairy cake all year round to produce high quality milk with the aim to maximise the Arla milk contract. This nutrition, alongside great management and selective breeding means that this herd has great potential to go into any farming system and perform well.

I would like to thank David and Sally for their custom over the years and wish them all the best for the future.
