## **Auctioneer's Comment**

Following on from their great production sale we held for Phil & Lesley last year, I am delighted to have gained instructions from them both to hold a full dispersal sale of their highly regarded Texel sheep from this renown flock.

This sale really is a rare and exciting opportunity for buyers to acquire top quality pedigree and MV accredited Texel females from this tremendously genuine dispersal.

This sale comes highly recommended with the depth of breeding in the flock speaking for itself, these sheep will add quality to any existing pedigree or commercial flocks or even provide the rare opportunity to establish a new flock from this highly regarded stock of sheep with the production of top-quality commercial rams at its heart.

In bringing this sale to Exeter we will also be offering online bidding to potential purchasers via Marteye and the sale will also be streamed on line.

We hope to see you here at Exeter livestock centre or hear from you in anticipation of bidding online.

Russell Steer

## **Vendor's Foreword**

After 20 years of selective breeding Texels with the aim of producing strong easy fleshing shearling rams for the commercial market, we have made the difficult decision to change our farming policy and disperse our flock of Texels.

The flock has been run as commercially as possible with an emphasis on producing sheep that will lamb easily, milk well and flesh naturally. We have never AI'd or used Embryo transplants within our breeding programme and have always tried to use rams over a large number of ewes to try and get a type within the flock.

We have been fortunate over recent years to have had some success selling nationally and locally.

Last year we sold 48 shearling rams to a top of 1200gns with 4 others over a 1000gns to average just under £700 for all rams sold. Over half of these were sold off the farm.

In 2022 we sold 3 rams at the English National Sale. Hornacott Electric sold for 5500gns with others at 3000gns and 2000gns. Our pen at the SW NSA Sale topped the sale at 2100gns with others at 1350gns and 1050gns and a pen average of 883gns for 15 sold. In total we sold 47 rams to average £893 after auction costs.

We have never bred our flock for the show ring and have not shown for the last 2 years, however in 2022 we picked up Reserve Champion Texel, Female Champion and Reserve Male Champion at The Royal Cornwall Show. We won the SW Texel Large flock competition in 2022 & 2021, coming overall Champion as well in 2022.

The flock is MV accredited, and all sheep were Heptavac P in February. All sheep were Fluke and wormed on 15<sup>th</sup> July.

We will be posting photos and videos on our Hornacott Pedigrees Facebook page in the lead up to the sale.

Wishing purchasers all the best with your purchase.

Phil & Lesley Martyn-Uglow
