Livestock Notice to Purchasers

Health & Safety - Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, pennage or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

Biosecurity and Livestock Welfare - All persons entering Kivells livestock market premises must comply with all current Biosecurity legislation, rules and conditions. All persons should be in clean clothing and disinfect footwear upon entry and exit from the livestock market premises. Hand wash facilities, disinfectant boot dips and brushes are available and should be used. Vehicles used to transport animals to or from the livestock market premises must comply with current cleaning and disinfection legislation. All vendors, purchasers, agents and hauliers must comply with all current legislation governing the welfare of livestock whilst at Kivells livestock market premises or in transport to or from the livestock market premises. Any concerns over Biosecurity and Animal Welfare should be reported to Kivells Biosecurity and Animal Welfare officers, whose details are located in the Kivells market office.

Registration - In order to bid, all **new** Buyers are required to register before the auction, at the Kivells market office or as otherwise advised by the Auctioneers. All such Buyers will be asked for two forms of identification and a credit reference will be required. Acceptable identification includes Driving Licence/Passport together with a Utility Bill/Proof of Address/Business Letter Heading/Business Card. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

Payment - All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359. **Payment in Cash** - In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

Conditions of Sale - It is strongly recommended that Bidders and Buyers visit **Kivells.com** and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk - All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

Removal of Lots - Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots - Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

Liability of The Auctioneer - The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Refreshments and Facilities - Canteen and toilets are on site.

The Centurion Group of Poll Dorset Breeders was formed over 30 years ago with the aim of improving the suitability of Dorset lambs for the retail market.

We started with a Nucleus flock and using AI which helped us to gain a high degree of connectivity between our flocks. This ensures that the EBV values have a higher level of accuracy. Having achieved this we were able to concentrate on recording and give up AI.

We meet regularly as a discussion group to discuss our progress and any other matters of interest. We also have an annual meeting with Signet to discuss recording and how to keep moving the breed forward. We have been involved in research and we are working towards being part of a study into out of season lambing which could be useful to all Dorset breeders in the future.

We would welcome any other Dorset breeders who record with Signet to join us.

CENTURION POLL DORSET BREEDERS GROUP SIGNET 2025 TERMINAL SIRE & MATERNAL INDEX

The Centurion Poll Dorset Breeders Group is one of the Country's longest running maternal breeding programmes. Through the use of weight recording, ultrasound scanning and selection for maternal traits, like milking ability and prolificacy, breeders have made high rates of genetic progress, all of which aims to increase the value of the commercial lambs sired by Dorset rams

JB May & Son, Coombe Farm, Sweethouse, Bodmin

The Newtoncoombe Flock of around 70 ewes has now been well established for over 50 years, with 2023 marking that half a century for us. All our females are homebred with the only females ever bought being the ones that started our flock. Our aim has always been to breed efficient sheep while maintaining all the Dorset characteristics. This aim is why we keep our flock numbers smaller; it allows us to give the right time and effort to the sheep we breed. With these flock numbers, we can predominantly feed them on grass, rotating through the fields on our farm in Cornwall while also feeding homegrown cereals and root crops, mainly in the winter months. We are proud of our flock and buy in rams that we believe will benefit our bloodlines for further generations to come.

J & A James, Shalimar, Cann Common, Shaftesbury

The Southbank flock was founded in 2013. The flock is run extensively, with all lambs born outside unassisted and reared on a forage-based system. A hard culling policy and careful selection have bred a hardy, minimal input ewe that strives to achieve optimum productivity and efficiency whilst maintaining a good breed type and consistency throughout the flock. Stock sires consist of good-bodied and correct rams. Rams are carefully selected to complement and develop the flock.

The flock was the best medium flock and 3rd place best group of ewe lambs in the 2024 national flock competition and is part of the breed for CH4nge project.

JB Dufosse Farnicombe Farm, Upton Scudamore, Warminster

The Blackhill Flock founded in 1980, we now have over 40 years experience of breeding pedigree Dorset sheep. We are located in Wiltshire on the edge of Salisbury plain where our sheep spend most of their time behind electric fences utilising poor but large areas of chalk grassland. Today the flock sits at around 400 ewes including 50 horned ewes which were originally purchased for Joe but have since become a useful tool to gain payments in stewardships because of their “rare breed” status. We were one of the founding members of the Centurion group in 1991 when a group of 10 like minded breeders came together to try to improve and innovate their flocks.
