Auctioneer's Comments

Here it is! The long awaited catalogue for the Great July Fair and what a catalogue it is! On a year where there could well be a shortage of breeders given the high cull values and prices achieved by heavy hogs throughout April, May and even up to the present day, we see a larger entry at this highly regarded fixture. There's 400 more older ewes entered than last year and nearly 1200 more shearlings, with 800 of those being Suffolk crosses.

The July Fair catalogue always includes some of the best consignments of sheep in Southern England and this year again is no exception with even more fresh vendors flocking to Exeter to be part of this prestigious and nationally recognised sale. We're appreciative that this year once again this sale which is regarded as a barometer to the breeding trade throughout the country for the forthcoming season has sponsorship from the Farmers Guardian, Marts the Heart. Over the past few years this sale has been the largest for Suffolk cross shearlings in the country and with the increased entry this year, our numbers and quality will be hard to beat.

As has been the case in recent years we will be selling all older ewes followed by Suffolk x shearlings all through the store cattle ring and all with the benefit of online bidding and live streaming via Marteye. All other shearlings are penned in the sheep pinnage and sold in their pens.

As usual this is a fantastic sale, one not to be missed by anyone serious about sheep!
