Foreword

<p>MR J BEARE Priestacott Farm, Ashwater, Beaworthy, Devon, EX21 5EW</p>
--

Kivells are delighted to have received instructions to disperse the Dairy herd on behalf of Joe Beare of Priestacott Farm, Ashwater which is being removed to Exeter Livestock Centre for convenience of sale.

The Beare Family have farmed at Priestacott for several generations and had previously milked cows prior to Joe coming home to work on the farm. In May 2014 Joe commenced milking at the farm again and has been a regular supporter of our Dairy Sales at both Holsworthy and Exeter. Joe has recently suffered with ill health and with having four young children he has made the decision to change the farming policy and cease milk production to allow more time to spend with his young family and concentrate on other enterprises

The herd is managed on a Low input, mainly grazing type, grass based system and is fed grass silage in the winter months. The cows are housed in Cubicles during the worst winter months and are milked through a Herringbone Parlour.

The annual Milk Quality Average is 4.23% BF, 3.45%P with the December bulk tank average being 4.55%BF 3.56%P cc176

The herd is mainly Spring and early Summer calving and has run with the Pedigree Polled Hereford bull Polled Hereford Bull, Riverdee I Lenny – UK364415 500071 in two periods.

The Cows & Heifers stated as due March/April ran with the bull from 16th June – 19th July and are due between 23rd March – 27th April. The cows stated as Due in June or July ran with the bull from 11th September - 17th November. The whole herd has been scanned by the Vet and due dates for the summer calvers are given as the Vet's best estimate and must be treated as a guide, although they are all guaranteed In Calf.

The herd passed an Annual TB test on 17.12.18

Auctioneers Comment

This is the first dispersal sale to take place in 2019! This is a very sound herd of cows which are mostly grazing type, the cows are sound on their legs and feet with very tidy udders. With a large number due to calve in the spring this sale is a great opportunity to acquire cows close to profit that would suit a multitude of systems.

Kivells

The following dispersal will be sold in Guineas (£1.05)

The Yields will be announced on sale day
