MR J BEARE
Priestacott Farm, Ashwater, Beaworthy, Devon, EX21 5EW  Lots 11-80

MESSRS JB STATTON & SONS
Bray Farm, Tremaine, Launceston, Cornwall, PL15 8SA  Lots 81-112

Payment Terms
All accounts must be settled in full with the Auctioneers on the day unless other arrangements are made with the Auctioneers prior to the sale.

Order of Sale
The sale will commence at 11am with the dispersal sale as set out in this catalogue, followed by the consignment of Organic In-Calf Cows.

Conditions of Sale
Please see the rear of catalogue for conditions of the sale.

NOTICE TO PURCHASERS:-
Please could all buyers and particularly those under TB Restrictions, make sure they are fully satisfied with their purchases before the cattle are removed from the market.
If you are purchasing cattle and your farm is under TB Restriction, it is not possible for the vendor to take the animal back should there be an issue, therefore we ask that all buyers ensure their purchases are sound and correct in the udder and are completely satisfied before taking them home.

DAIRY COW FINANCE
Competitively priced dairy cow finance available from a range of the leading lenders. Asset finance and secured loans also available.
01884 256355  office@babbandgreen.co.uk  01271 858662

Lots 1-10 – reserved for late entries
Kivells are delighted to have received instructions to disperse the Dairy herd on behalf of Joe Beare of Priestacott Farm, Ashwater which is being removed to Exeter Livestock Centre for convenience of sale.

The Beare Family have farmed at Priestacott for several generations and had previously milked cows prior to Joe coming home to work on the farm. In May 2014 Joe commenced milking at the farm again and has been a regular supporter of our Dairy Sales at both Holsworthy and Exeter. Joe has recently suffered with ill health and with having four young children he has made the decision to change the farming policy and cease milk production to allow more time to spend with his young family and concentrate on other enterprises.

The herd is managed on a Low input, mainly grazing type, grass based system and is fed grass silage in the winter months. The cows are housed in Cubicles during the worst winter months and are milked through a Herringbone Parlour.

The annual Milk Quality Average is 4.23% BF, 3.45%P with the December bulk tank average being 4.55%BF 3.56%P cc176

The herd is mainly Spring and early Summer calving and has run with the Pedigree Polled Hereford bull Polled Hereford Bull, Riverdee 1 Lenny – UK364415 500071 in two periods.

The Cows & Heifers stated as due March/April ran with the bull from 16th June – 19th July and are due between 23rd March – 27th April. The cows stated as Due in June or July ran with the bull from 11th September - 17th November. The whole herd has been scanned by the Vet and due dates for the summer calvers are given as the Vet’s best estimate and must be treated as a guide, although they are all guaranteed In Calf.

The herd passed an Annual TB test on 17.12.18

Auctioneers Comment
This is the first dispersal sale to take place in 2019! This is a very sound herd of cows which are mostly grazing type, the cows are sound on their legs and feet with very tidy udders. With a large number due to calve in the spring this sale is a great opportunity to acquire cows close to profit that would suit a multitude of systems.

Kivells
The following dispersal will be sold in Guineas (£1.05)
The Yields will be announced on sale day

**Auction Sale Rules**

(All cattle sold by Kivells are sold under the Livestock Auctioneers Association Conditions of Sale)

**In Milk / In Calf dairy cattle sold through the dairy ring at £500 or less per head DO NOT carry the usual National Sales Conditions warranty**

**Maiden heifers stated to be sold for breeding purposes.**
The vendor warrants a **maiden heifer** stated in the catalogue or at the time of sale to be sold for breeding purposes to be free from any malformation which would render the animal incapable of breeding. The warranty is a **5 day warranty** if the malformation is patent or a **6 month + 5 day warranty** if the malformation is latent.

If the **purchaser** proves a breach of warranty the **purchaser** may return the animal to the **vendor**. Notice of claim must be supported by a **veterinary surgeon’s certificate**.

**Cows or heifers sold as being in milk and/or in calf.** The vendor warrants a dairy cow or heifer in calf and/or in milk:

(a) To be correct in the udder and teats;
(b) Not to be infected with **clinical mastitis**;
(c) Not to suck any other animal or herself; and
(d) To be **quiet to milk**.

The warranties in conditions (a) & (b) is an after sale warranty which shall run from the close of the day’s sale or until the animal is removed from the sale premises, whichever is sooner. The warranty in conditions (c) & (d) is a **5+5 day warranty**.

**Cleansing** The vendor warrants that all newly calved **cows** and **heifers** have cleansed satisfactorily before the sale. This warranty is a **3 day warranty** in which any claim made by the **purchaser** must be supported by a **veterinary surgeon’s certificate**. The **vendor** is obliged to pay for the cost of one wash out.

**Cows or heifers sold as served or guaranteed in calf.**

When an animal stated to have been served **less than 10 weeks** prior to the sale and is **pregnancy diagnosed positive**, this is given as **guidance only** and carries **no warranty**. If a cow or heifer has been positively diagnosed as **10 weeks or more in calf** at the time of sale and thereafter is proved to be not in-calf, and a **Veterinary Surgeon’s certificate** to that effect is produced there is a **38 + 5 day warranty**.

Where a cow or heifer is sold as ‘having run with a bull’ no warranty as to the animal being **in calf** at the time of sale is given.

**Breeding Stock bulls** The vendor warrants that any bull 10 months or over sold as a stock bull is capable of and effective at natural service. This warranty is a **16 week warranty**.

**Please note** Milk yields are given as a guide but carry no warranty.

The descriptions are supplied by the vendor and whilst they are believed to be correct this catalogue in no way shall guarantee their accuracy.

**Antibiotics** – Please would all vendors inform the Auctioneers if any animal has been treated with **any antibiotics**. There are serious penalties incurred to milk producers for **antibiotic contamination**.
DIRECTIONS:

From M5 North: Exit Junction 30. Take third exit at the roundabout onto A379 Exeter/Marsh Barton for 3 miles. At third roundabout take last exit onto B3123 Marsh Barton/Bad Homburg Way. Exit first left at next roundabout and The Matford Centre is 200 metres on left.

From A38 Plymouth: Exit at A379 for 1.7 miles. Take second exit at the roundabout onto B3123 Bad Homburg Way. Exit first left at next roundabout and The Matford Centre is 200 metres on left.

From A30 Cornwall: Exit A377 Exeter. Follow City A377 through first road junction. Turn right, signed Marsh Barton, and follow signs to Livestock Centre.
