Foreword

This important dispersal sale follows the decision of the partnership to change the farming policy after 30 years of beef, arable and sheep farming on the 3 farms which cover 650 acres.

The farm machinery, tractors and implements will all be found in immaculate condition thanks to the mechanical support and experience of Andy Summer, who has been the farms' mechanic for 42 years.

All the machinery and implements have been barn stored and winterised to a high standard after every season and hence have maintained their high standard of condition in spite of their age.

This is a truly genuine traditional farm dispersal sale not to be missed.
